Minnesota-based precast concrete licensing company, Recon, announces a partnership with UK-based EV Blocks to bring universal EV charging base foundations to North America.

EV Blocks are a fast, reliable and simple alternative to standard EV charger installation.

<https://www.youtube.com/watch?v=RAWmubDITVE>

- ✓ EV Blocks are precast concrete featuring a universal adaptor plate & side openings for conduit installation.
- ✓ As a precast pedestal, EV Blocks are ready for installation the moment they arrive.
- ✓ Our universal adaptor plate allows the below ground infrastructure to be installed before the EV charger has been specified or selected.
- ✓ Changing charging companies? No need to dig up the existing foundation. You simply just change the composite plate!
- ✓ EV Blocks pair with nearly all chargers on the market.
- ✓ Save contractors & business owners time, money & stress all while meeting the highest quality standards, providing a uniform finish every time.
- ✓ NEC stocks the 24" EV Charging Block.

## TESTIMONIALS

"Barnard Construction is very pleased with Northeast Concrete and will continue to use them for years to come." -Cody Hook, Barnard Construction

"My company has been doing business with Northeast for some time & I personally have been working with them over the last four years. John has been exceptional to work with. He prices projects accurately, always has material on site and is always able to turn around custom projects in a timely manner. It has been a pleasure working with Northeast and I look forward to working with them on future projects"

-Patrick Grimes, Cambell Foundry

## ALLOW US TO INTRODUCE OURSELVES:

Founded in 1997 by John Vitale, Northeast Concrete Products is a precast manufacturing co. with over 34 years of structural concrete experience. NEC provides quality precast products to the NJ & NY metropolitan market. Along with a full line of standard products, NEC specializes in custom, value-oriented solutions to the most challenging problems facing todays public & private engineers & contractors.

We are also a licensed manufacturer of Recon Products including; The Recon Wall System, EV Charging Blocks & Recon Light Pole Bases. We have a full line of standard precast products including Storm, Sanitary, Waste Water, Utility Structures & so much more.

## WE ARE WITH YOU EVERY STEP OF THE WAY!

Here at Northeast Concrete Products, we pride ourselves on our excellent customer service well as providing knowledgeable, friendly support & quality products. Our main goal is to guide our customers from the start of their project to the finished product.
