A LICENSED MANUFACTURER OF
RECON PRODUCTS

NORTHSHORE GRANITE

Northshore Granite Is Recon's First and Most Popular Texture. It Has the Classic Appeal of Rock That Withstands the Elements, Retaining A Subtly-Textured, Lightly Weathered Look.

Northshore Granite Looks Great "Unstained" In Its Natural Grey Concrete Finish.

It Provides the Full 48" X 16" Face Size in A Natural Weathered Granite Finish.

WEATHERED EDGE

The Weathered Edge Texture Has A Number Of Stone Patterns That Create An Authentic Stone Wall Appearance.

Weathered Edge Has Block Heights Ranging From 3" To 16" & Widths Between 9" And 48".

It Provides The Full 48" X 16" Face Size Even Though It Looks Like Smaller Units Stacked.

LESUEUR COUNTY LIMESTONE

Lesueur County Limestone Provides a More Defined Texture Which Creates an Interesting Appearance, & Is Reminiscent of The Materials Used for Prominent Historic Buildings.

It Gets Its Name from The Natural Limestone Found in Central Minnesota.

It Provides the Full 48" X 16" Face Size. This Texture Looks Great Unstained but Is Frequently Stained to A Natural Tan Color.
